Sequence of events:

Read the passage. Number the sequence of events from 1-4.

Growing a plant

Harry wanted to grow a plant. First, he dug a hole in the soil. Then, he placed a seed inside. After that, he covered it with soil. Finally, he watered it every day, and soon a plant grew.

Sequence the events in order (1-4):

- Harry watered the plant every day.
- Harry placed a seed inside the hole.
- Harry covered the seed with soil.
- Harry dug a hole in the soil.
