Read the passage. Number the sequence of events from 1-4.

Makin a lemonade

Emma made lemonade on a hot day. First, she squeezed a lemon. Then, she added sugar and water. After that, she stirred the lemonade. Finally, she poured it into a glass and drank it.

Sequence the events in order (1-4):

- Emma added sugar and water.
- Emma stirred the lemonade.
- Emma poured the lemonade into a glass.
- Emma squeezed a lemon.
